★ being a great shooter takes more than being a great shooter ★

fall/wintertour'09/'10

I know first hand that to become an accomplished player (4X All American, University of Maryland's All-Time Goal and Point Scorer, Attackman of the Year, Team USA) requires linking individual effort with excellent learning experiences. Since I am the sole instructor; I have designed the Sharp Shooter Academy to be STRICTLY LIMITED to 30 students who have reached the intermediate level or beyond. This small group setting allows me to share my lacrosse knowledge and experience on a more personal level where by students have an opportunity to ask questions and an enriched learning environment is more easily established. In addition, state of the art video analysis will be used to facilitate this process. The goal of the Sharp Shooter Academy is to blend the art and science of shooting to help the player become a prolific scoring threat with a repertoire of shots that will mystify the defenders and goalies he encounters.
